Bringing "Smart City" Technologies and Solutions to Europe

November 15 – 17, 2016

Barcelona, Spain

Smart City Expo World Congress (SCEWC) is **THE WORLDWIDE LEADING EVENT FOR THE SMART CITY INDUSTRY**. It is a yearly expo and Congress, held in Barcelona with more than 14,000 attendees, 485 exhibitors, and 420 speakers, technical and political representatives from 568 cities, coming from 105 countries. The Congress hosts the most innovative smart city thinkers, and the Expo Area showcases projects and solutions to countries, cities, universities, investors and businesses from around the world who are true decision-makers in the industry.

SCEWC offer U.S. companies numerous business opportunities to connect with key players in the Smart Cities sector, including: **Data & Technology (**big data, cloud, IOT, etc.), **Mobility** (vehicles, traffic management, etc.), **Society** (education, e-health, e-leaning , etc.), **Governance** (data protection, e-government, cooperation platforms, etc., **Economy, Sustainability** (consulting, renewable energy, resilience, grids, urban planning, etc.)

SCEWC staff and U.S. Commercial Staff will organize customized services to help increase your exposure and business connections. Last year over 500 meetings were organized.

This year SCEWC is being co-located with European Utility Week 2016, so U.S. exhibitors and attendees can take advantage of networking in both events. Matchmaking services and export assistance will be provided by USDOC staff working both events. Take advantage of this unique European opportunity!
