Dear valued customer,

We warmly invite you to come and visit us at **SMART CITY EXPO WORLD CONGRESS (Hall 2, Booth No.120) from 3-5 Nov. 2026 at Barcelona, Spain.** With the theme "Together for an AI-powered urban future", our dedicated team will showcase the latest advancements and smart city solutions in five areas: Public Safety, Smart Traffic, Connected Mobility, Municipal Governance, Eco-Environment.

Over the years, Dahua has been delivering cutting-edge AIoT products and tailored solutions to efficiently address urban governance challenges while optimizing resource consumption for low-carbon operation. Our smart city solutions have been deployed worldwide to upgrade urban infrastructure, enabling smarter city governance and supporting sustainable urban development.

This exhibition is an ideal platform to discuss the latest advances in urban operation management, explore joint partnership opportunities, and exchange insights on industry trends and best practices.

We are looking forward to seeing you!
